

Work with EverCharge

Fully-managed, affordable, scalable charging solution

Bringing new business to you, through
fully-scalable SmartPower™ technology

OUR SERVICE

EverCharge is the **right solution** for multi-tenant buildings. We offer the only fully managed, scalable solution for EV charging and made things easy by providing insurance, maintenance, support and billing services for every customer.

What makes EverCharge different?

TESLA PREFERRED

Tesla Motors preferred EV charging solution

SMARTPOWER

Intelligent technology allows for less infrastructure and more customers

MONITORING

No need for meters or submeters

EXCLUSIVE

Owners charge in their own parking space

SCALABILITY

Add vehicle capacity as demand grows

COMMON POWER

Significantly reduced infrastructure costs

Charging Evolved

Why charge one vehicle when you can charge many?

SMARTPOWER

Our solution intelligently manages power based on vehicle demand. When EverCharge senses extra power is available or the rated capacity is reached, the system allocates power to vehicles according to their needs, providing residents with the fastest charging possible.

HOW IT WORKS

Our chargers connect to common area power to easily scale throughout the building. Usage is then monitored by the charger to keep track of the allocated power. All billing is automated so there is no need for separate services.

TEAM BUILDING

We don't just want a partnership - we want to be a team with all of our preferred electricians. That's why we offer extensive insight and training, as well as full-time dedicated support.

Our goal is to bring you as many new customers as possible, **because when you win, we do too.**

Selected Clients

Action Property Management, Beven & Brock Property Management, Bridgeport Company, Canyon Pacific, Chicagoland Community Management, Citiscape Property Management Group, CSI Management Services, Eugene Burger Management Corporation, First Service Residential, Frost/Chaddock Developers, KW Property Management, Lantana Development Company, Massingham & Associates Management, PML Management Corporation, Professional Association Services, Inc., South Florida Condominium Management, Southern States Management Group, Vanguard Properties, Worth Ross Management, and more...

Maximize your business

How we work with you

1. Properties are introduced to EverCharge
2. EverCharge's preferred electrician (you) conducts on-site evaluation
3. You create customer installation quote
4. EverCharge works with HOA and customer to get approval
5. Installation is completed by you

Next steps
